ACCT102

Financial Accounting 2

Winter

3 credits

Course Outline

INSTRUCTOR: Gabor Gyorgy

E-MAIL: ggyorgy@yukonu.ca

COURSE DESCRIPTION

Accounting 102 continues to build on the foundational concepts and skills introduced in Accounting 101. General topics include the study of capital assets, current and long-term liabilities including bonds, short-and long-term investments, partnership accounting, cash flow statements, and financial statement analysis, all within the context of International Financial Reporting Standards.

COURSE REQUIREMENTS

Prerequisite(s): Successful completion of ACCT101.

EQUIVALENCY OR TRANSFERABILITY

Receiving institutions determine course transferability. Find further information at:
<https://www.yukonu.ca/admissions/transfer-credit>

ACCT102 is a university transfer, 3 credit hour course, also recognized by the C.P.A.

LEARNING OUTCOMES

Upon successful completion of the course, students will be able to:

1. Prepare common entries and financial statements for partnerships and corporations.
2. Record the acquisition and disposal of capital assets, as well as use three methods to calculate amortization on those assets.
3. Record basic changes in a corporation's stock and retained earnings.
4. Prepare all necessary entries to record the issuance, interest expense, amortization of premiums or discounts, and the redemption of bonds.
5. Understand how a corporation accounts for short- and long-term investments.
6. Prepare the Cash Flow Statement, and understand the importance of cash flow in a business.
7. Evaluate the financial health of a business using common ratios.
8. Work collaboratively to solve accounting problems.

9. Explore the dynamics of accounting processes as practiced in the north.

COURSE FORMAT

Delivery format

Course content will be presented through a blended approach of independent on-line study, and weekly 2 hour classes. Students will be required to attend each week's class having

1. completed all relevant readings (2 hours)
2. watched all relevant instructional videos (1- 2 hours)
3. attempted the in-class study exercises. (2- 4 hours)

Classes will be taught on the assumption that students are fully prepared for class and are thus familiar with the necessary content for the week. Much of class time will be devoted to hands-on application of course theory through collaborative problem solving.

When studying, students are responsible for correcting their own work. Solutions to all the suggested end of chapter questions will be posted to the course website. When completing readings, students can focus their energies by only covering those chapter sections that relate to specified learning objectives.

If you require additional assistance, the Instructor is available to all students during office hours after class. Students are encouraged to make an appointment during these times. A short meeting or phone call is often sufficient to clear up a problem area.

EVALUATION

Tests (11 tests)	50%
Final Exam	50 %
Total	100%

Weekly tests can be completed independently online, and will range in time from 15 minutes to 1 hour. The final 3 hour exam will be handwritten in person at a scheduled time.

If you must miss the exam (for an acceptable reason), it is your responsibility to reschedule an alternative date *before* your planned absence. The only acceptable reason for missing the exam is due to personal illness which must be supported by a Doctor's note. If you miss the exam, there will be a 20% per day penalty applied, beginning immediately after the exam.
