E-MAIL:	mmissakabo@yukonu.ca
Classroom:	A2204
Time:	Mon/Wed 4:30 pm to 5:50 pm
Dates:	January 7th to April 15th, 2026
Office Hour:	Monday 3:20 to 4:20pm
Office:	A2435

COURSE DESCRIPTION

This course is an introduction to the current macroeconomic terminology, concepts and theory that are fundamental to understanding, analyzing, and evaluating the overall performance of an economy. The topics covered in the course include the Yukon economy; gross domestic product; the price level and inflation; economic growth and productivity; saving and investment; unemployment; the Bank of Canada and the Canadian banking system; the international monetary system; aggregate demand and aggregate supply; and fiscal and monetary policy.

Introduction to Macroeconomics is an introductory level course designed to bring students “up to speed” on how economists look at interest rates, money, international trade and a few other phenomena that populate the landscape of economic and commercial activity. Unlike microeconomics - which focuses primarily on the markets for particular goods and services and on the actions of economic agents such as consumers and business firms - macroeconomics comprises concepts that concern the economy as a whole. The microeconomics - macroeconomics boundary is an indistinct one, but this is the traditional way of separating economic topics.

COURSE REQUIREMENTS

None

EQUIVALENCY OR TRANSFERABILITY

Receiving institutions determine course transferability. Find further information at:
<https://www.yukonu.ca/admissions/transfer-credit>

LEARNING OUTCOMES

Upon successful completion of the course, students will be able to:

- Define basic macroeconomic concepts and principles and describe their applications.
- Recognize the connection between the study of macroeconomics and observable daily events.
- understand and think critically about much of what they read (or hear) regarding macroeconomics in mainstream media.

COURSE FORMAT

Weekly breakdown of instructional hours

The course will be a total of 45 hours. There will be two 1.5-hour classes per week and one 3-hour final exam. Students can expect a further 3 hours of readings and homework per week, but this time will vary by individual.

Delivery format

The course will be delivered using a combined format of simultaneous in-person and online lectures, plus live case or article discussions via Zoom web-conferencing/in-person class sessions and the Yukon University online learning management system (Moodle).

Students will require a computer with access to the internet. Computer system requirements can be found [here](#).

EVALUATION

Assignment	20
Quiz	10
Mid-Term Test	30
Engagement and Professionalism	10
Final Exam	30
Total	100%

Engagement & Professionalism

Engagement and professionalism in the classroom are critical to success. Punctuality, regular attendance and full participation are ways for students to demonstrate professionalism and engagement and, therefore, will be graded. Success in this course requires active, positive and professional engagement in class activities and discussions, reflecting thoughtful consideration of course material. Additionally, parts of the midterm and final exams will be based directly on class lectures and discussions. In the event students miss a class, it is their responsibility to find out what they missed.

Assignments

There will be one assignment worth 20% of the final grade. The assignment will be of the essay, case study or numerical problem variety. Assignments are to be handed in on time. Unless prior arrangements are made, late assignments will have a ten percent (10%) deduction for every day they are late. All assignments should be word processed.

Tests/ Exams

There will be one short quiz 1.5 – 2-hour term test and a 3-hour final exam.

COURSE WITHDRAWAL INFORMATION

Refer to the YukonU website for important dates. The specific withdrawal date for this course is March 5th, 2025.

TEXTBOOKS & LEARNING MATERIALS

The Economy by Core Economics Education (v1.12.1). This is a free digital text by a consortium of leading economists with accompanying learning materials available at www.core-econ.org. Physical copies are optional and may be purchased online or in the Yukon University library.

ACADEMIC INTEGRITY

Students are expected to contribute toward a positive and supportive environment and are required to conduct themselves in a responsible manner. Academic misconduct includes all forms of academic dishonesty such as cheating, plagiarism, fabrication, fraud, deceit, using the work of others without their permission, aiding other students in committing academic offences, misrepresenting academic assignments prepared by others as one's own, or any other forms of academic dishonesty including falsification of any information on any Yukon University document.

Please refer to Academic Regulations & Procedures for further details about academic standing and student rights and responsibilities.

ACCESSIBILITY AND ACADEMIC ACCOMMODATION

Yukon University is committed to providing a positive, supportive, and barrier-free academic environment for all its students. Students experiencing barriers to full participation due to a visible or hidden disability (including hearing, vision, mobility, learning disability, mental health, chronic or temporary medical condition), should contact [Accessibility Services](#) for resources or to arrange academic accommodations: access@yukonu.ca.

TOPIC OUTLINE

ECON 101-001 (MON/WED) COURSE SYLLABUS
