**COURSE DESCRIPTION**

This course will provide students with the opportunity to examine their own social location and how it has shaped their beliefs and values for practice in the field of early learning and child care. Grounded in personal awareness, students will have the opportunity to reconsider their own approaches and beliefs regarding early childhood learning, and developing positive relationships with children, families and communities. Students will learn about the complex, dynamic nature of child care environments in the north and evaluate their own beliefs, values and practices including how to ensure cultural understanding in childcare environments. A focus on Yukon history, First Nations and current cultural contexts for early childhood learning and care environments will be used.

## **COURSE FORMAT**

This 45-hour course will be delivered in the classroom setting and/or via web-conferencing by the instructor. Special guests and resource people will support the delivery of the course information.

Each lesson will include a variety of teaching/learning strategies. These strategies may include: lecture, large and small discussion groups, in-class projects, experiences, simulations, role plays, observations, readings, audio-visual aids, guest speakers, and students' individual assignments.

## **ASSESSMENTS**

### **Attendance and Participation**

Much of the learning is done in the classroom. Students learn from each other, as well as from the instructor; therefore, attendance and appropriate participation are essential.

Students are expected to attend and participate in all classes, are expected to be actively involved in discussions, and must take responsibility for their own learning. Students' personal experience and thoughts will provide much of the material for discussion; therefore, it is expected that students are prepared for classes by having completed the required readings, assignments and other assigned work. Emphasis will be placed on learning by doing and on personal reflection on individual experiences.

As stated in Yukon College's Academic Regulations: "Students in all program areas are expected to attend classes and will be informed of any specific attendance requirements for their course by their instructors at the beginning of the term." It is the responsibility of the student to collect the information from classmates if they are absent from all or a portion of a class. Students are responsible for obtaining handouts and completing assignments for any classes missed.

Professional behaviour is expected. If a class should be missed, the student will communicate with their instructor ahead of time.

Note: If a student becomes absent from more than 10% of the course, the instructor may designate make-up assignment(s), which would be designed to demonstrate the student's understanding of content missed. This opportunity is at the discretion of the instructor and, if undertaken, will be accompanied by an assignment contract.

## Assignments

Each assignment is designed to help the student synthesize knowledge from class, readings, personal knowledge, and traditional knowledge to build greater understanding. Planned class discussions are enriched when students have completed assigned work at the appropriate time. Material from student assignments also plays an important role in helping the instructor design class activities and lectures to best suit the group of students; therefore, handing in assignments on the due dates is very important.

Assignments will be discussed at the beginning of the course and presented in writing with criteria clearly defined. All students are encouraged to contact the instructor if they have questions or concerns about assignments or their progress. In exceptional circumstances, students may discuss alternate arrangements with their instructor (such as late submission of assignments, etc.). **ALL** assignments must also be submitted punctually. **5% will be deducted** for each calendar day that an assignment is late. Please see additional comments about assignments in the assignment package.

## **PLAGIARISM**

Plagiarism is a serious academic offence. Plagiarism occurs when students present the words of someone else as their own. Plagiarism can be the deliberate use of a whole piece of another person's writing, but more frequently it occurs when students fail to acknowledge and document sources from which they have taken material. Whenever the words, research or ideas of others are directly quoted or paraphrased, they must be documented according to an accepted manuscript style (e.g., APA, CSE, MLA, etc.). Resubmitting a paper which as previously received credit is also considered plagiarism. Students who plagiarize material for assignments will receive a mark of zero (F) on the assignment and may fail the course. Plagiarism may also result in dismissal from a program of study of the College.

## **YUKON FIRST NATIONS CORE COMPETENCY**

Yukon College recognizes that a greater understanding and awareness of Yukon First Nations history, culture and journey towards self-determination will help to build positive relationships among all Yukon citizens. As a result, to graduate from ANY Yukon College program, you will be required to achieve core competency in knowledge of Yukon First Nations. For details, please see [www.yukoncollege.yk.ca/yfnccr](http://www.yukoncollege.yk.ca/yfnccr).
