

# **RENR 491- Land (Use) Planning in Canada's North**

In Winter 2025, RENR 491 **Land (Use) Planning in Canada's North** is being offered at Yukon University as part of the Northern Environmental and Conservation Sciences, B.Sc. Program. All students registered in RENR 491 must adhere to the requirements outlined in this course syllabus. University of Alberta students must also be aware of, and adhere to, the University's Code of Student Behaviour, referenced in the outline.

**INSTRUCTOR:** Kim Lisgo

**OFFICE HOURS:** online by appointment

**OFFICE LOCATION: N/A** 

E-MAIL: klisgo@ualberta.ca

CLASS DAYS & TIMES: Tuesdays and Thursdays, 10:30–11:50 am

**CLASS LOCATION:** Room A2210 and A2702 GIS Lab

## **COURSE DESCRIPTION**

This is the capstone course for the Northern Systems Major, providing students with a comprehensive overview of contemporary approaches to conservation and land planning, with focused applications to northern systems in Canada. Building on foundations, the course materials address the integration of social, environmental and economic values, and emphasize maintenance and stewardship of ecosystem integrity through proactive planning and management measures.

# **COURSE PREREQUISITES AND/OR CO-REQUISITES**

Enrolment and 81 credits at the university level in Yukon University/University of Alberta BSc in Environmental and Conservation Sciences degree program, or consent of the Instructor.

## **LEARNING OUTCOMES**

Capstone courses synthesize knowledge and skills acquired over four years of a program. These courses are integrative and experiential and are generally taken in the final year of a student's program. Objectives for RENR 491 include:

- Integrating and building upon concepts, tools, information and knowledge from the Northern Systems major, and applying these to empirical problems and settings associated with conservation planning and land planning in northern Canada.
- Exposing students to a diversity of perspectives representing a range of disciplines and considerations relevant to conservation and land planning in northern Canada and beyond.
- Experiencing problem solving and project work through simulated planning and teamwork.
- Building knowledge and applying ethical conduct and professionalism in the pursuit of activities associated with conservation and land planning.
- Demonstrating effective oral and written communication skills through classroom and group interactions, assignments, and presentation of a capstone project in a public venue(s).

Upon successful completion of this course students will be able to do the following:

- Understand land planning processes, challenges and opportunities in Canada's north.
- Understand the contexts in which planning is undertaken and how this affects processes.
- Think critically about the challenges and opportunities that occur in land planning and contribute solutions in a constructive manner.
- Consider collaborative planning processes from a two-eyed seeing perspective.
- Contribute to the design and implementation of land planning processes in the workplace.
- Bring forward creative approaches for engaging participants in planning processes.
- Know the roles of the many participants, including the role of the planner.
- Know how to create a StoryMap for effective communication of core concepts and consideration of land planning and other processes.

### **COURSE FORMAT**

This course consists of two 80-minute classroom sessions per week—which will include a mix of lectures, guest presentations, practical exercises, discussions, and labs. The course will take advantage of special learning opportunities that may arise during the course (e.g., attendance and participation in government and NGO consultations on planning exercises). Students may be expected to attend select events outside regular class time. A combination of lecture-based and participatory approaches will be employed. Discussion of required readings, interaction with guest lecturers, and student presentations will form important components of the class and of student evaluation. The course will be highly participatory, and students are expected to actively engage and contribute to class discussions and term projects.

# **Delivery format**

Delivery will be in person. If unwell, students are encouraged to stay home. When possible, lectures will be recorded.

## **EVALUATION**

**Assignments are Mandatory.** The course grade will be determined as follows:

	Percent		
Assignment #1	10		
Assignment #2 10			
Assignment #3	10		
Assignment #4 10			
Capstone Project - Presentation 10			
Capstone Project - Storymap 50			
Total 100°			

## **Attendance and Participation**

Attendance at class lectures and labs is highly encouraged. All lectures and labs have been designed to inform the Capstone Project. Assignments may include a participatory mark.

# **Discussion and Preparation**

Required readings will be assigned for each class and hosted on eclass. Some classes may have prepared questions that will be discussed during class.

# **Independent and Group Assignments**

Written assignments will comprise **40%** of the final grade for this course. Your final capstone project presentation and StoryMap will comprise **60%** of the final grade allocation. Information on the assignments and capstone project will be available on eclass.

# All assignments in the course must be completed by each individual student to pass the course.

## Late assignments will be penalized 10% for each day after the deadline.

The instructor will provide detailed marking schemes and guidelines for each evaluation component of the course.

Precision and care in writing and presenting planning documents is an important professional standard. Accordingly, the overall quality of written assignments will be graded, on the following basis:

- It contains the title, assignment number, your name, course number, date and page numbers.
- It is well-written with proper grammar and spelling.
- It has a consistent writing and referencing style. Students should be familiar with, and apply a style manual, such as the <a href="Harvard">Harvard</a> or <a href="Chicago style">Chicago style</a> manual, to ensure consistent punctuation, capitalization and referencing.
- It is a clean, professional looking document with consistent line spacing, headings, etc.

Oral presentations will also be graded, on the following basis:

- Quality and clarity of the presentation materials (noting the standards above for written assignments).
- Delivery style.
- Depth of knowledge, as reflected in the student's ability to field questions and elaborate on the topic.

## **Exams**

There are no exams in this course.

## **Due Dates and Late Assignments**

Written assignments are to be submitted in MS Word format, as an email attachment, unless otherwise instructed. They are due before midnight on the day indicated for each

assignment and are considered late if not received by this time. After this time, late assignments will be deducted 10% per day.

# **Assignment of grades**

The total numerical score will be converted to a grade on the following letter grading system:

Letter	
grade	Percentage
A+	95-100
Α	90-94
A-	85-89
B+	79-84
В	75-78
B-	71-74
C+	67-70
С	64-66
C-	60-63
D+	55-59
D	50-54
F	0-49

## **COURSE WITHDRAWAL INFORMATION**

Students should refer to the UAlberta calendar for important dates (calendar.ualberta.ca).

## **TEXTBOOKS AND LEARNING MATERIALS**

There is no required textbook for this course. Please see the course outline for lists of learning materials required to be reviewed before specific classes.

# **COURSE WEBSITE**

A course website will be used to share lectures, assignments, readings and reference materials, gradings, and announcements about the course. It will be available via eClass: <a href="https://eclass.srv.ualberta.ca/">https://eclass.srv.ualberta.ca/</a>

#### **ACADEMIC INTEGRITY**

# **Yukon University Academic Standards and Regulations**

Students are expected to contribute toward a positive and supportive environment and are required to conduct themselves in a responsible manner. Academic misconduct includes all forms of academic dishonesty such as cheating, plagiarism, fabrication, fraud, deceit, using the work of others without their permission, aiding other students in committing academic offences, misrepresenting academic assignments prepared by others as one's own, or any other forms of academic dishonesty including falsification of any information on any Yukon University document.

Please refer to YukonU Academic Regulations & Procedures for further details about academic standing and student rights and responsibilities.

# University of Alberta Academic Integrity and Code of Student Behaviour

The University of Alberta is committed to the highest standards of academic integrity and honesty. Students are expected to be familiar with these standards regarding academic honesty and to uphold the policies of the University in this respect. Students are particularly urged to familiarize themselves with the provisions of the Code of Student Behaviour (online at <a href="https://www.governance.ualberta.ca">www.governance.ualberta.ca</a>) and avoid any behaviour which could potentially result in suspicions of cheating, plagiarism, misrepresentation of facts and/or participation in an offence. Academic dishonesty is a serious offence and can result in suspension or expulsion from the University.

All students at the University of Alberta are subject to the Code of Student Behaviour, as outlined at:

http://www.governance.ualberta.ca/en/CodesofConductandResidenceCommunityStandard s/CodeofStudentBehaviour.aspx Please familiarize yourself with it and ensure that you do not participate in any inappropriate behavior as defined by the Code. Key components of the code include the following statements.

30.3.2(1) No Student shall submit the words, ideas, images or data of another person as the Student's own in any academic writing, essay, thesis, project, assignment, presentation or poster in a course or program of study.

30.3.2(2) c. No Student shall represent another's substantial editorial or compositional assistance on an assignment as the Student's own work.

#### PROFESSIONALISM AND CLASSROOM RULES OF ENGAGEMENT

Students are expected to attend all lectures and labs, be engaged and courteous in all course activities, and to be on time for class. Please do not use cellular phones during class. Laptops are permitted for note taking and in-class work; however, please do not use laptops in class for non-class-related activities. While in computer labs, students are expected to refrain from using the computers to engage in non-class-related activities (e.g. Facebook, etc.).

## **ELECTRONIC DEVICES**

See 'professionalism' above.

## RECORDING OF LECTURES, LABS, ETC.

Audio or video recording, digital or otherwise, of lectures, labs, seminars or any other teaching environment by students is allowed only with the prior written consent of the instructor or as a part of an approved accommodation plan. Student or instructor content, digital or otherwise, created and/or used within the context of the course is to be used solely for personal study, and is not to be used or distributed for any other purpose without prior written consent from the content author(s).

Please note that some classes in the B.Sc. Northern ENCS Program may be recorded using web conferencing software, and links to recordings may be posted on the class website.

## ACADEMIC ACCOMMODATION

Reasonable accommodations are available for students requiring academic accommodation to fully participate in this class. These accommodations are available for students with a documented disability, chronic condition or any other grounds specified in section 8.0 of the Yukon University Academic Regulations (available on the Yukon University website). It is the student's responsibility to seek these accommodations by contacting the Learning Assistance Centre (LAC): <a href="LearningAssistanceCentre@yukonu.ca">LearningAssistanceCentre@yukonu.ca</a>.

## **TOPIC OUTLINE**

- Lecture topics and Guest Speakers may be subject to change.
- Due dates for assignments 2-4 may be adjusted once student GIS skills are assessed in Lab 1 on Jan 14.

#	Date	Topic
1	Tues Jan 7	Introduction to Course & introduce Assignment #1: Planning Process and "Tools" (Kim Lisgo)
2	Thurs Jan 9	Indigenous Ways of Knowing and Land Planning (Jared Gonet)
3	Tues Jan 14	<ul> <li>Lab 1 - Room A2702</li> <li>Explore the Planning Region and GIS Tools</li> <li>Introduce Assignment #2: Values</li> </ul>
4	Thurs Jan 16	Land & Peoples Relationship Model: Part I (Joe Copper Jack, Ta'an Kwach'an Elder)
5	Tues Jan 21	Land & Peoples Relationship Model: Part II (Joe Copper Jack, Ta'an Kwach'an Elder)
6	Thurs Jan 23	<ul> <li>Lab 2 - Room A2702</li> <li>Work on Assignment #2 (GIS and data)</li> <li>Introduce Assignment #3: Ecological Benchmarks</li> </ul>
7	Tues Jan 28	Yukon Land Use Planning Council (Kirsten Reid, Senior Planner for Dawson Land Use Plan)
8	Thurs Jan 30	Indigenous Ways of Knowing and Land Planning (Jared Gonet)
9	Tues Feb 4	Indigenous Knowledge in LUP in the North - Shortcomings & Successes (Gillian McKee, Independent Consultant)
10	Thurs Feb 6	Climate Change (Hilary Cooke, Wildlife Conservation Society Canada)
Due Date	Mon Feb 10	Assignment #2 Due

11	Tues Feb 11	<ul> <li>Lab 3 - Room A2702</li> <li>Work on Assignment #3: Ecological Benchmarks</li> <li>Introduce Assignment #4: Climate Change Refugia &amp; Corridors</li> </ul>
12	Thurs Feb 13	Land Planning with Tr'ondëk Hwëch'in, including freshwater ecosystems and climate change adaptation for salmon (Chrystal Mantyka-Pringle, Wildlife Conservation Society Canada)
Due Date	Fri Feb 14	Assignment #3 Due
no class	Tues Feb 18	reading week
no class	Thurs Feb 20	reading week
13	Tues Feb 25	<ul> <li>Lab 4 – Room A2702</li> <li>Work on Assignment #4: Climate Refugia &amp; Corridors</li> </ul>
14	Thurs Feb 27	IPCA and Implementation / Guardians (TBD) (Gillian Staveley, Director of Dena Kayeh Institute)
Due Date	Fri Feb 28	Assignment #1 Due
Due Date	Mon Mar 3	Assignment #4 Due
15	Tues Mar 4	How We Walk with the Land and Water (Elder Mark Wedge, Anna Crawford)
16	Thurs Mar 6	Lab - Capstone Project

17	Tues Mar 11	Lab - Capstone Project
18	Thurs Mar 13	Lab - Capstone Project
19	Tues Mar 18	Lab - Capstone Project
20	Thurs Mar 20	Lab - Capstone Project
21	Tues Mar 25	Lab - Capstone Project
22	Thurs Mar 27	Lab - Capstone Project
23	Tues Apr 1	Lab - Capstone Project
24	Thurs Apr 3	Lab - Capstone Project
25	Tues Apr 8	Dry run of Capstone Presentations
26	Thurs Apr 10	Capstone Presentations
Due Date	Thurs Apr 24	Capstone Storymap Due
