

Decoupling Fee From Registration for International Students

November 12, 2019

- 1) International students who are continuing their studies at YC can register for courses without paying a tuition fee. **All international students need to see the International Student Advisor BEFORE submitting an Authorization to Register form at Admissions to register.**
- 2) International students are required to pay 100% of the tuition fee for their registered courses one week (or the deadline mentioned below) before the first day of a semester.

Schedule

Registration opening day	Tuition Payment Deadline	First day of class
November 25, 2019	December 20, 2019	January 6, 2020
March 2, 2020	April 24 th , 2020	May 4, 2020
April 6, 2020	August 24, 2020	September 1, 2020* <i>*Tentative</i>

- 3) International students who drop courses before the last day to add or change courses (usually one week after the last day of registration) will receive a refund at Admissions after submitting Withdraw/ Course Change Form. After the date, there will be no refund.

Consequence

- International students who do not pay tuition fees in full by the deadline will be deregistered from all the registered courses by the next working day and the seats will be given to other students if there are waiting lists for the courses. This is non-negotiable and the students will need to meet with a Program Advisor, see the International Student Advisor with an Authorization to Register form and register at Admissions again with a full tuition payment before the last day to register for credit courses.
