7:00–8:00					

NOTES: NOST 215 (required field course) from *Mon Aug. 21 9 AM - Fri. Sept 1, 5 PM*, students must be registered one week prior to start date of the field course. See the website and course outline (linked here) for more specific information about the field course <https://www.yukonu.ca/programs/courses/nost-215>

***course fills up, register early**

****several sections of English 100 are also available online, but register early, they fill up**

*****For students with prerequisites completed already**

e.g. SOILS 210 if ENVS 100 or CHEM 110 is already completed, BIOL 220 if BIOL 101 and 102 completed.

Schedule subject to change prior to start of classes; if there is a discrepancy between this and the schedule from Admissions and Registration, the one from Admissions should be considered correct! 😊
