

ACADEMIC AND SKILL DEVELOPMENT

University Access Pathways

Upgrading courses offered in math, sciences, English, computers, etc., that provide the pre-requisites for programs at Yukon University and other institutions.

English as a Second Language (ESL)

English language training for non-native speakers of English.

ACADEMIC AND CAREER

Aviation Management

DIPLOMA

Two-year diploma program that aims to provide students with essential business skills and a commercial pilot license.

Business Administration

CERTIFICATE, DIPLOMA, BACHELOR'S DEGREE

Certificate or diploma programs preparing students for management careers in business, government, and the non-profit sector.

Culinary Arts

CERTIFICATE 

Eight-month program designed to meet the need for qualified cooks in the hospitality industry. The next intake is fall 2022.

Early Learning

DIPLOMA

Flexible programs providing opportunities for students to develop the knowledge, skills and abilities necessary to provide and evaluate quality early childhood education for young children and families. No new intakes in winter semesters.

Earth Sciences

DIPLOMA, TRANSFERABLE 

Two-year diploma program that focuses on building hands-on skills and understanding of Earth's mineral, soil, and water resources. The program is informed by strong industry support and connections. The diploma provides 1st and 2nd-year courses for a B.Sc. in geoscience/geology at most Canadian universities, with an established block transfer to a B.Sc. in Geoscience at Vancouver Island University.

General Studies

CERTIFICATE, DIPLOMA

Flexible programs that integrate general knowledge and intellectual skills with specific occupational or professional skills. This program will be discontinued after the Winter 2023 semester.

Liberal Arts

CERTIFICATE, DIPLOMA, TRANSFERABLE

Essential programs in the social sciences and humanities that build transferable skills for future career and educational pursuits, foster social responsibility and cultural sensitivity, and instill independent reasoning and critical thinking skills.

Multimedia Communication

CERTIFICATE

Diverse program combining ingenuity and technology to teach effective communication strategies through web, audio, video, and print-based media.

Northern Environmental and Conservation Sciences

BACHELOR'S DEGREE 

Degree program offering a northern perspective on issues such as wildlife conservation, land use and resource management under modern treaties, changes in water quantity and quality, climate change, and energy needs. Offered in partnership with the University of Alberta.

ACADEMIC AND CAREER CON'T

Northern Outdoor and Environmental Studies

DIPLOMA, TRANSFERABLE

Multidisciplinary program offering options for exploring contemporary northern environmental issues, outdoor activities, and human/environment relationships. Customizable.

Northern Science

DIPLOMA, TRANSFERABLE (F)

Diploma program delivering a strong northern science focus. Prepares students for scientific or technical work in a northern environment, or for transfer to the B.Sc. in Northern Environmental and Conservation Sciences degree program.

Northern Studies

DIPLOMA, TRANSFERABLE

Flexible, self-directed multidisciplinary diploma program focusing on northern and circumpolar issues.

Office Administration

CERTIFICATE (F)

Nine-month full-time program providing students with the knowledge and skills required to enter the workforce as accounting clerks, administrative assistants, and general office assistants.

Renewable Resources Management

DIPLOMA, TRANSFERABLE (F)

Two-year diploma program with field and laboratory components combined with wide-ranging classroom topics in biology, environmental science, First Nation culture and history, aquaculture, and land and renewable resource management, all with a focus on sustainability in the north. Intake is every two years. The next intake is Fall 2023.

Science

CERTIFICATE, TRANSFERABLE (F)

Courses are available in mathematics and in the earth, life and physical sciences. Transfers to the Northern Science diploma, Northern Environmental and Conservation Sciences degree or into the second year of a Bachelor of Science program at another Canadian university.

Visual Arts

CERTIFICATE, TRANSFERABLE (F)

Foundation-year fine arts education offered through the School of Visual Arts (Yukon SOVA) in Dawson City. Transfer to a visual arts degree program at one of Canada's major art schools.

(F) FALL TERM START ONLY
