Instructions for Use

This planning guide is to assist you in selecting courses each term. Read carefully, as some courses are only offered in one term/year, and some are offered in multiple terms/years.

***The recommended sequencing plan and note section in this guide will be beneficial in helping you select courses.**

Refer to your program page on the main website under programs/courses for a more thorough description of each course.

A glossary (description) of common words and phrases used in this guide, can be found on the last page.

Graduation Requirements and Yukon First Nations Core Competency

The Bachelor of Social Work is awarded for the completion of the equivalent of four years of university level study (120 credits) including required and elective courses in Social Work and General University Studies (GUS).

General University Studies electives may be taken as part of the program or may be granted transfer credit if completed prior to beginning the BSW program.

As the Bachelor of Social Work is delivered through a partnership with the University of Regina, students must ensure that all their General University Studies courses will be accepted by the University of Regina.

To graduate, students must:

- complete 50% of the course work at Yukon College/Yukon University or University of Regina
- maintain a 65% cumulative GPA in GUS courses and a 70 % GPA in SW courses.

Yukon First Nations Core Competency

Yukon University recognizes that a greater understanding and awareness of Yukon First Nations history, culture and journey towards self-determination will help to build positive relationships among all Yukon citizens. As a result, you will be required to achieve core competency in knowledge of Yukon First Nations.

Students in the BSW program acquire knowledge related to the First Nation Core Competencies through core program content such as SW 389, SW 352 and History 140.
