Total Credits	31		

Graduation Requirements & Yukon First Nations Core Competency

All courses must be completed. Because shop time is limited and shared with other programs, attendance is mandatory, and students should speak with their instructors about School of Trades attendance expectations.

Yukon First Nations Core Competency

Yukon University recognizes that a greater understanding and awareness of Yukon First Nations history, culture and journey towards self-determination will help to build positive relationships among all Yukon citizens. As a result, you will be required to achieve core competency in knowledge of Yukon First Nations.

For details, visit [Yukon First Nations Core Competency](#).

Notes

All courses above are taken in a BLOCK from the beginning of the fall semester until the middle of the winter semester.

If you register as an apprentice and earn enough hours as required by YG, you may wish to enter level 2 technical training. This can be done by maintaining regular communication with YG apprenticeship branch so they are aware of your hours worked and so you are aware of upcoming training opportunities.

If you register as an apprentice and earn enough hours as required by YG, you may wish to enter level 3 technical training. This can be done by maintaining regular communication with YG apprenticeship branch so they are aware of your hours worked and so you are aware of upcoming training opportunities.

If you register as an apprentice and earn enough hours as required by YG, you may wish to enter level 4 technical training. This can be done by maintaining regular communication with YG apprenticeship branch so they are aware of your hours worked and so you are aware of upcoming training opportunities.

Student Responsibility

You are responsible for the completeness and accuracy of your registration and for determining the requirements of your program. Always read course descriptions before you register to determine if you have the necessary prerequisites and pay attention to notes on mutually exclusive and cross-listed courses (pairs of courses in which credit will be awarded for only one).

Program Advising

No program advising is necessary to apply to and register in this program. To speak with a School of Trades staff member, call (867) 332-2347.
